

DELTA SUCCESS PROGRAM

DELTA Success program is a global program created by AASuccess to give guidance to young students to search and discover their life values, empower them to thrive, and most importantly, become people with character and integrity. DELTA Success is designed especially to the youth in Asia, mostly in Vietnam.

Our aim is to provide those students with a valuable educational opportunity to improve their English comprehension, gain essential life-skills, and other beneficial exercises to prepare them for life beyond school. Through virtual meetings and interactive training, we would like to provide all participants an opportunity to experience collaboration, mentorship, and friendship at a higher level regardless of distances and culture barriers.
